OBJECTIVE

A highly motivated B.E. Graduate with a passion for technology, problem-solving, and continuous learning, seeking an opportunity in the IT industry. Eager to apply my technical expertise, adaptability, and strong analytical skills to contribute to a dynamic team while growing as a professional.

SUMMARY

A B.E. Graduate with a strong foundation in web development, programming, and technical support. Passionate about problem-solving, innovation, and continuous learning, I thrive in collaborative environments and bring a proactive, reliable approach to challenges. Eager to apply my skills to drive organizational success while growing as an IT professional.

EDUCATION

Bachelor of Electronics and Communication Engineering Sep 2020 - May 2024

Francis Xavier Engineering College

CGPA: 8.02

Higher Secondary Education June 2019 - May 2020

Nivedhita Matriculation Higher Secondary School

Percentage: 71.1%

Secondary School Education June 2017 - May 2018

Nivedhita Matriculation Higher Secondary School

Percentage: 89%

INTERNSHIP

Technohacks Edutech **Web Developer Intern**

Aug 2023 - Sep 2023

- Developed and delivered three impactful web development projects, utilizing a strong foundation in HTML, CSS, and JavaScript.
- Enhanced front-end functionality by integrating JavaScript to create interactive and dynamic websites that improved user experience..
- Gained hands-on experience in JavaScript frameworks, boosting both development speed and functionality.

JCD Creations **Front End Developer Intern**

Aug 2022 - Sep 2022

- Gained hands-on experience in web development with a focus on HTML and CSS, developing responsive and visually appealing web pages.
- Discovered a deep passion for front-end development, which inspired a commitment to pursuing a career in web development.

TRAININGS AND WORKSHOPS

- Completed 2 days training on "Hands-on workshop on smart phone Chip level trouble shooting" Conducted by Francis Xavier Engineering College. [April 2023]

- Completed 8 days training on "PCB designing using Proteus" Conducted by Francis Xavier Engineering College.[October 2021].

PROFESSIONAL TRAINING - CREDO SYSTEMZ

- Currently enrolled in a comprehensive Full-Stack Development program, focusing on Java and web technologies.
- Enhancing expertise in both front-end and back-end development, including Java, JavaScript, React, and Node.js.
- Gaining hands-on experience in building robust, scalable web applications through practical projects and real-world applications.
- Deepening knowledge of database management, API development, and Agile methodologies to align with industry standards.
- Focused on developing the technical proficiency and problem-solving skills required to excel as a full-stack developer.

SKILLS

- HTML&CSS
- C++
- Bootstrap
- Python
- JavaScript
- MySQL
- React JS
- Git

CERTIFICATION

- JavaScript and React JS for Beginners – Udemy (September 2023).
- Full Stack Web Development Bootcamp – Udemy (March 2023).
- JavaScript Course Completion – Guvi (February 2023).
- HTML & CSS Course – CodeChef (June 2023).
- C for Problem Solving - 1 – CodeChef (June 2023).

PROJECTS

Ecommerce Website
- Designed and developed the front-end of an e-commerce website, focusing on creating a visually appealing and user-friendly interface.
- Utilized HTML, CSS, and CSS Grid properties to ensure a modern, responsive layout, providing an optimal shopping experience across devices.
- Implemented intuitive navigation, clear product displays, and functional design elements to enhance user engagement and ease of use.

EMI Calculator
- Developed a dynamic EMI (Equated Monthly Installment) Calculator that enables users to calculate monthly loan repayments based on the principal amount, interest rate, and loan tenure.
- Implemented intuitive user input forms and calculations with JavaScript, providing accurate results instantly.
- Designed a responsive and user-friendly interface using HTML and CSS, ensuring seamless functionality across devices.

CO - CURICULLAR ACTIVITIES

Technical Trainer

Feb 2024

Francis Xavier Engineering College, Tirunelveli.

- Delivered comprehensive training in HTML, CSS, and JavaScript to college students, focusing on the fundamentals of front-end web development.
- Facilitated hands-on sessions and interactive lessons, ensuring practical understanding of key concepts and skills.
- Developed and curated engaging course materials, including exercises and tutorials, to enhance student learning and application.
- Demonstrated the ability to simplify complex concepts and adapt teaching methods to diverse learning styles, while cultivating a passion for web development among students.

ACHIEVEMENTS

- Awarded 2nd prize in a project presentation competition at SCAD College of Engineering and Technology for developing an earthquake detection alarm system.
- Awarded 3rd prize in a project presentation competition at Francis Xavier Engineering College for developing an earthquake detection alarm system.
